Date of Birth _____ Male Female / Right Handed Left Handed

Any Food Allergies/ Intolerances

Does your child have any learning disabilities, physical limits, attention deficits, or emotional conditions?

Address _____ E-Mail _____

_____ **Photo Release (please initial)**

I grant Ragtime Fabrics, LLC permission to photograph my child and use his/ her image both in digital and print media. Ragtime intends to use any images for promotion and advertising of their business and services. Any other use is not intended.

_____ **Assumption of Risk (please initial)**

I recognize that sewing involves certain inherent risks, such as working with fast-moving, electric-powered machines and using sharp needles, often moving at high speed. I agree to assume and accept full responsibility for the inherent risks identified, and those inherent risks not specifically identified.

_____ **Body Measurements (please initial)**

I understand that the sewing of clothing requires taking body measurements in order to achieve correct fit and finish. Taking these body measurements involves physical contact with the student by the instructor. Measurements can and will be taken over regular clothing unless a more precise fit is desired. In that case, we ask your child to wear a leotard or other appropriate tight fitting shorts and top to provide accurate, precise measurements. Restrooms are available for changing and if requested, measurements will be taken in a private location of the store with at least 2 adults present.

_____ **Sewing Machine use (please initial)**

We require **ALL** first time campers and class attendees to use the provided Baby Lock sewing Machines. By having all of the participants working on the same machine, it allows everyone to work together as a group without having to stop to give individual attention due to machine differences. If your child has a machine, once they have demonstrated they are proficient on their own machine, they are encouraged to bring it to use. *Proficiency is at the sole discretion of the instructor.*
